

A portrait of Marinka Hack, a woman with dark hair, wearing a blue button-down shirt, smiling. The background is a blurred indoor setting.

Nie maawe, mar bouwe.

**#4 Marinka Hack**  
Tilburg

**Vote for VVD Tilburg.**

Tilburgse

# ▶ Hi, my name is Marinka!

During my student years, I moved to Tilburg and lived near the Piushaven. I have always believed in contributing to what truly matters, which is why I joined several associations and eventually completed multiple board years, including one on the University Council of Tilburg University. These experiences taught me how important it is to listen, include different perspectives, and above all, take action.

Currently, I live in the city centre and work at a consultancy firm while finishing my studies. I have experienced Tilburg as a city full of opportunities, and I want everyone to feel at home here. For me, feeling at home means having enough affordable housing, living in a vibrant city centre, and feeling safe, both on the street and online. Together, we can build a stronger and more welcoming Tilburg. I am ready to work on that with you!

As an international student/resident, you are eligible to vote in the municipal elections of Tilburg if you are:

- EU citizen: a national of another EU country, aged 18 or over, and living in the municipality of Tilburg.
- Non-EU citizen: legally and continuously resident in the Netherlands for at least five years, holding a valid residence permit, aged 18 or over, and living in the municipality of Tilburg.

**If you did not receive your voting pass by March 4, you may need to request it from the municipality of Tilburg.**

## Our plans for Tilburg.
